which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.

FYI

An email from our solid waste group reminding Mr. Hoffman of the requirement of getting

agency authorization before doing work at or near a landfill.

Subject: tank investigation at SOuth Dayton Dump

Good Morning Mr. Hoffman,

As I stated in the voice mail I left for you this morning, it has been brought to my attention that there has been or will be an investigation done on a parcel of property on the South Dayton Dump of which you represent the owners. While I am unclear as to the extent of the "investigation", I wanted to take this opportunity to let you know that an authorization is required from Ohio EPA, Division of Materials and Waste Management before conducting this investigation.

Ohio Administrative Code 3745-27-13(A) requires that "any person proposing to engage in filling, grading, drilling, building, excavating or mining on land where a solid or hazardous waste facility was operated must obtain authorization from the director of the Ohio EPA". Section (B)(2) of this rule further states, in part, that "for purposes of this rule, facility means those areas within 300 feet of the limits of waste placement". I'm hoping that the work has not yet been performed so that the consultant can submit the 27-17 authorization request to ensure compliance with Ohio's Solid Waste Rules.

As I stated in my voice mail, I will be out of the office from noon today through next Wednesday (4/24). If further assistance is needed or if you would like to discuss in greater detail, please contact Jill Olberding at (937) 285-6094. Jill is the Ohio EPA inspector who has oversight in Montgomery County and will be reviewing the 27-13 request.

Kind Regards,

Tracy

Tracy L. Buchanan, R.S.

Supervisor

Ohio EPA

Division of Materials & Waste Management

Southwest District Office

(937) 285-6045
